

BUSINESS RESILIENCE & STRATEGIC SUSTAINABILITY – 1 DAY INTENSIVE

Overview

This one-day intensive programme introduces the latest thinking on business resilience and sustainability via a variety of concepts and frameworks geared towards an organisation audit and action plan to position the organisation for ongoing effectiveness and success, despite volatile and changing circumstances. On completion of the full programme, the delegate will be better able to address the challenges of building and maintaining a profitable, resilient and sustainable organisation in the face of relentless change.

Duration

One day

Outline

The following topics are covered on the one-day intensive version of the Business Resilience & Strategic Sustainability Programme:

1. Overview of challenges to organisational resilience in the face of relentless change
2. Latest thinking on resilience and sustainability: frameworks, concepts and tools
3. Resilience and life-cycle analysis
4. Process for engaging in a strategic audit of organisational resilience

Approach

The one-day programme introduces the latest thinking on organisational resilience and strategic sustainability, addressing each of the topics detailed in the outline, above. Where time permits, cases, videos, discussion themes and reflective analysis are used to anchor key concepts.

Outcomes

On completion of the full three day programme, the participant will be better equipped to:

1. Engage with the latest thinking on business resilience and sustainability, applying relevant frameworks and concepts
2. Engage in situation analysis, trend analysis and risk analysis
3. Audit the organisation's exposure to shocks and threats
4. Plan a course of action to bring about necessary organisational change
5. Optimise strategic alignment for sustainability
6. Understand and enhance the relationships between strategy, business resilience and sustainability
7. Solve related problems of risk management
