

CORPORATE GOVERNANCE – 1 DAY INTENSIVE

Overview

The one-day intensive version of this acclaimed three day programme is designed to hone the competence of experienced directors and to introduce senior level staff and newly appointed directors to their roles. It introduces some of a full range of critical issues facing board members today and enables them to confront those issues that are directly relevant to their own organisations. The programme is also intended to enhance the effectiveness of company secretaries or executives reporting directly to the board of directors.

Duration

One day

Outline

The following topics are covered on the one-day intensive version of the Corporate Governance Programme:

1. Developing an understanding of the key issues facing directors today
2. Addressing fiduciary responsibility, accountability and control
3. Solving difficult problems of corporate strategy and risk management
4. Selecting and building effective boards, governance structures, systems and processes.

Approach

The programme is delivered through a team of experts in different areas of Corporate Governance. All the topics above are covered as mini seminars, allowing for an in-depth, fresh and relevant review of the critical areas of governance for directors. Where time permits, cases, video-based studies, the latest King report and other topical references are used on this programme.

Outcomes

On completion of the full version of this programme, the participant will be better equipped to:

1. Work within a clearly understood framework of legal requirements, accountability and codes of practice
2. Understand and apply the essential elements of organisational leadership, communication and change management
3. Develop and respond to an appropriate agenda, decision-making process, reporting and control at board level
4. Develop and assess the ethical status of their organisations
5. Provide strategic direction to business initiatives and oversight control over implementation
6. Ensure the optimum integration of key stakeholders into business decision-making processes
