

LEADING HIGH-PERFORMANCE TEAMS – 1 DAY INTENSIVE

Overview

This one-day intensive programme addresses some of the elements associated with building and leading effective teams, and with enhancing team performance. Where time permits, assessment tools, video-based case-studies, team building theory, and leadership principles contribute to the content of the programme.

Duration

One day

Outline

The following topics are covered on the one-day version of the Leading High-Performance Teams Programme:

1. Understanding team dynamics
2. Applying assessment tools to understand team roles
3. Leadership theory and dynamics associated with team management
4. Motivational behavior
5. Strategies to enhance team performance

Approach

The programme introduces a framework for engaging with and leading teams to high performance, and a powerful set of models and tools for engaging with each of the topics detailed in the outline, above. Where time permits, cases, videos, discussion themes and reflective analysis are used to anchor key concepts.

Outcomes

On completion of the full version of this programme, the participant will be better equipped to:

1. Assess individual behavior in terms of team roles
2. Apply a situation analysis to position teams effectively in their operating environments
3. Apply team and leadership theory in a practical way to enhance team focus and effectiveness
4. Motivate teams
5. Optimise team structures for performance
