

CONSULTING INTERVENTIONS

We help individuals and organisations embed new competence, make change happen and deliver results. Our interventions are designed to build the bridge between business school programmes, personal coaching and the organisation consulting needed to embed desired change. The Centre for Consulting & Strategy partners with organisations as the trusted advisor across a broad range of consulting, strategy and management development challenges and imperatives, through interventions such as:

1. Strategy Thinking, Planning and Development
2. Innovation & Future Positioning
3. Value proposition development
4. Strategic Insights Research
5. Customer Perceptions & Market Research
6. Change Management
7. Leadership development
8. Mentoring, Coaching & Action Learning
9. Assessments
10. Organisation Design & Development
11. Consulting Oversight & Supervision
12. Management Development Programmes
